

Decisions and sources required for approval

D0.2 | DRAFT FOR REVIEW | 2026-10-03

28 draft decision proposals are complete in Policy_and_Method_Decision_Book.pdf. Owner adoption and missing authoritative evidence remain pending. DEC-028 physical source availability is reconciled through owner confirmation and the readable image archive. No approvals, signatures, effective dates, scientific tests or UAT sessions were generated by this pack.

DEC-001

Title: Scientific source and applicability

Owner: QC technical owner; QMS

Required input: Provide approved source ID, edition/revision, licensed clauses, content hash, product/size applicability and effective approval.

Blocked step: Official inspection/lab evaluation and all scientific WIs

Existing refs: PD-01; PD-02; QC-POST-100-006/032

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-002

Title: Leak-test equipment manual and safety

Owner: Equipment specialist; Metrology

Required input: Identify the photographed machine make/model/serial, approved manual/program/fixture revision, pressure/vacuum limits, safe vent and reference checks. ATEQ overview does not identify the actual equipment.

Blocked step: QC-WI-050/051 setup and execution

Existing refs: QC-POST-100-007/032

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-003

Title: Sampling plan

Owner: QC/QMS; Product owner

Required input: Approve lot definition, method, inspection level, AQL or justified alternative, code/sample size, Ac/Re, switching and destructive-test allocation. Resolve adoption of ISO2859-1:2026.

Blocked step: QC-WI-009 and product acceptance

Existing refs: PD-01; PD-02

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-004

Title: Leak-form revision and unit conflict

Owner: Document Control; Leak-test specialist

Required input: Resolve F-8-2-6-07 Rev4 versus FR-MA-018 Rev06, printed limits, pressure basis, volume litre/cm³, torque N·m/N/m, timing label and actual-vs-set pressure.

Blocked step: QC-WI-050/051 criteria and transcription mapping

Existing refs: FORM-003/004/005

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-005

Title: Per-point and overall evaluation

Owner: QC technical owner; QMS

Required input: Approve numeric limits, operators, required points, manual judgment authority, NA semantics, replicate aggregation, rounding, precision and uncertainty handling.

Blocked step: Scientific evaluation and review

Existing refs: PD-01; PD-07; QC-POST-100-022/032

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-006

Title: Leak calculation validation

Owner: Leak-test specialist; Metrology

Required input: Approve effective volume, gauge/absolute/sign convention, thermal/compliance/background corrections, unit conversion and match to instrument algorithm. Validate proposed $q=V \times \text{abs}(\Delta P)/\Delta t$ before adoption.

Blocked step: QC-WI-019/050/051 calculated result

Existing refs: EXT-013; PD-01

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-007

Title: Oral medication syringe method

Owner: Oral product/design owner

Required input: Supply oral-specific design/method and limits. ISO20695 excludes oral syringes; determine volume/leak/dead-space tests and intended use.

Blocked step: QC-WI-052

Existing refs: FORM-006

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-008

Title: Syringe variant and method

Owner: Syringe product/design owner

Required input: Confirm hypodermic/manual/sterile scope, current adopted edition, connector applicability, pH and printed accuracy sources; supply drawing and lot plan.

Blocked step: QC-WI-053

Existing refs: FORM-007; EXT-003

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-009

Title: Feeding-tube variant and form identity

Owner: Enteral specialist; Document Control

Required input: Supply original full form number, exact tube/connector variant, drawing and licensed applicable method/limits.

Blocked step: QC-WI-054

Existing refs: FORM-008; EXT-004/010

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-010

Title: Nelaton catheter variant

Owner: Urethral specialist; Document Control

Required input: Verify original form identity and non-balloon variant; resolve pictured connector variants and balloon-related remarks; adopt applicable ISO20696 clauses.

Blocked step: QC-WI-055

Existing refs: FORM-009; EXT-005

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-011

Title: Nasal cannula intended flow

Owner: Respiratory specialist

Required input: Confirm low-flow versus other intended use, dimensions/flow/connector method and oxygen-service safety.

Blocked step: QC-WI-056

Existing refs: FORM-010; EXT-006

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-012

Title: Cleaning-brush drawing and method

Owner: Design owner

Required input: Provide TF-M73-PS revision0 or actual effective successor and product variants; approve dimension/retention methods and limits.

Blocked step: QC-WI-057

Existing refs: FORM-011

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-013

Title: Clamp source and intended use

Owner: Design owner; Document Control

Required input: Supply identifiable original clamp form, model drawing, intended use and mechanical/occlusion method. No clamp form was positively identified in this review.

Blocked step: QC-WI-058

Existing refs: FORM-012

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-014

Title: Goggle claims and form identity

Owner: Eye-protection specialist; Document Control

Required input: Provide full original form identity and evidence for claimed optical/impact/splash protection; decide applicable ISO16321 edition/amendment and routine tests.

Blocked step: QC-WI-059

Existing refs: FORM-013; EXT-007/014

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-015

Title: Tracheal-tube variants and current source

Owner: Airway specialist

Required input: Supply effective drawing/method per cuffed/uncuffed/reinforced variant and adopt or assess ISO5361:2023 corrected text/Amd1:2026.

Blocked step: QC-WI-060

Existing refs: FORM-014; EXT-011

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-016

Title: Generic signature and document authority

Owner: QMS; Named owner; Document Control

Required input: Approve binding workflow/signature/SoD policy for generic approvals/documents/change requests and distinguish approval from effectivity.

Blocked step: QC-SOP-001/011/022/023; QC-WI-063

Existing refs: RD-019; PD-13; PD-32; SD-023

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-017

Title: Rejection approval mapping and metrics

Owner: QMS; QC Manager; Production

Required input: Reconcile printed Production Manager/QCM/Director with application Supervisor/QC_MANAGER/FACTORY_DIRECTOR; confirm disposition, warehouse exception and reject/good metric meaning. Preserve QC-entry denial.

Blocked step: QC-SOP-014/015; QC-WI-023/024

Existing refs: QC-POST-100-023/024

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-018

Title: Quality prerequisites and effectiveness

Owner: QMS; Quality process owner

Required input: Approve proposed NCR/RCA/CAPA rules, containment evidence, verification, effectiveness method/window and exceptional-close interpretation.

Blocked step: QC-SOP-017/018

Existing refs: QUALITY-POLICY-DECISION-PACK-2026-10-02; P-04

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-019

Title: Training, sample custody and movement

Owner: QMS; QC; Warehouse/Production

Required input: Approve competency criteria/reassessment, custody, transfer, rework/reinspection and disposal records and physical workflow; authorize separate digital implementation.

Blocked step: QC-SOP-002/007/016

Existing refs: MANUAL PROCEDURE GAPS

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-020

Title: Retention, file safety and record storage

Owner: QMS; Security; Document Control; IT

Required input: Approve retention/archival/deletion/legal hold and scan/MIME/storage policy per record class with actual retrieval evidence.

Blocked step: QC-SOP-010/024/029

Existing refs: QC-POST-100-011/033

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-021

Title: Recovery authority, provider and objectives

Owner: Named owner; IT; Provider; QMS

Required input: Approve durable database+file backup scope, provider runbook, destination authority, retention, RPO/RTO; obtain provider and measured isolated recovery proof.

Blocked step: QC-SOP-029; QC-WI-047/048/065

Existing refs: QC-POST-100-011/026/035

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-022

Title: Worker, telemetry and alerts

Owner: Named owner; Operations

Required input: Approve and deploy worker/scheduler/heartbeat, exporter, thresholds/receivers and external test authority; provide actual delivery and operator evidence.

Blocked step: QC-WI-064; QC-SOP-028

Existing refs: QC-POST-100-025

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-023

Title: AI provider/data governance

Owner: Named owner; QMS; Privacy/security

Required input: Approve provider/model, geography, allowed data classes, retention, audit and per-request consent. Real evidence photos remain excluded unless explicitly authorized.

Blocked step: QC-SOP-027; QC-WI-045

Existing refs: PD-31; QC-POST-100-029

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-024

Title: Release gates, applicability and human acceptance

Owner: Named owner; QMS; Verification lead

Required input: Approve nineteen-gate/provider registry, route/accessibility applicability, true human UAT roles/scenarios, signature and release authority.

Blocked step: QC-SOP-030; QC-WI-049/067/068

Existing refs: QC-POST-100-014/015/017/028

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-025

Title: Performance budgets and representative environment

Owner: Product owner; Performance lead

Required input: Approve SLOs/budgets, datasets, devices and network/cold/warm conditions; obtain raw before/after p95/querycount/payload/LCP/INP evidence.

Blocked step: QC-WI-061

Existing refs: QC-POST-100-012

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-026

Title: Retest, invalid work and lab rejection

Owner: QC method owner; QMS

Required input: Approve invalidation/retest criteria, sample selection, aggregation and lab rejection authority; preserve original failed data.

Blocked step: QC-SOP-012; QC-WI-020/042

Existing refs: PD-38; QC-POST-100-032

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-027

Title: HOLD recovery and physical release label

Owner: QC/QMS; Warehouse; Engineering

Required input: Approve the supported HOLD recovery/disposition path and its digital implementation.

Current HOLD state has no general outgoing transition.

Blocked step: QC-WI-004; QC-SOP-006

Existing refs: Receiving state source

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING

DEC-028

Title: Source description conflicts

Owner: Engineering; QMS; Document Control

Required input: Update older lab form/source-absence and rejection-creator descriptions after validating original forms and newer owner decision; retain historical statements as historical.

Blocked step: Source interpretation and review

Existing refs: LABORATORY-REPORT-TEMPLATES; REJECT-REPORTS; OD-2026-09-23

Status: PROPOSAL COMPLETE — OWNER ADOPTION / SOURCE EVIDENCE PENDING
